

BALIOM ABA-ALEH JUNIOR

Current Master's in Power
Systems Engineering program

Baliom born in Buea, a town in the southwest region of Cameroon.

He obtained his B.Engr. from the University of Buea, Cameroon, where he studied Electrical and Electronics Engineering and graduated in 2021.

He went on to take a Master's in Power Systems Engineering program in the same university where he was able to obtain a credit seeking mobility scholarship to complete his master's research at an accredited African University under the MIRET program.
